About

Frontend Developer | Full-Stack Developer | React.js | JavaScript | Redux | Tailwind CSS | MongoDB | Express | Node.js |Self-driven frontend developer skilled in building responsive, real-world web applications using React, JavaScript, and REST APIs. Strong focus on UI/UX and performance.

Certifications | Internships

Geekster Full Stack Web Development Bootcamp — 2024–2025

- Participated in various Geekathons organised by the platform.
- Worked on various projects like FavFood, Blog-App, Airbnb-Clone etc.
- Technical Stack Learned **:** React, JavaScript, Tailwind, Redux-Toolkit, Node.js, Express.js

Projects

Airbnb-Clone – Full Stack Property Rental Platform [Deployed Link] [GitHub Link]

- **Project Overview**: Developed a full-stack Airbnb-like web application enabling users to list properties, browse listings, and manage bookings with secure authentication and role-based access.
- Implemented user authentication (signup, login, logout) using JWT and cookies.
- Built CRUD functionality with image uploads using Cloudinary.
- Designed RESTful APIs using Node.js and Express, with MongoDB for data persistence.
- Implemented protected routes and authorization to ensure only hosts can edit or delete their listings.
- Developed responsive frontend using React and Context API for global state management.
- **Tech Stack**: React.js, Context API, JavaScript (ES6+), Node.js, Express.js, MongoDB, Cloudinary, JWT, Tailwind CSS

Technical Skills

- **Language** : JavaScript(ES6+)
- **Frontend** : ReactJS, Redux, Tailwind CSS, HTML5, CSS3, RESTful APIs, Fetch, Axios
- **Backend** : Node.js, Express, MongoDB
- **Design** : Responsive Design, Cross-Browser Compatibility
- **Tools & Technologies** : GIT/GitHub, VS code

Education

- **B.Sc.** (Nalanda College, Magadh University)
- **12th** (Adarsh High School ,BSEB)
- **Geekster** Full Stack Web Development Bootcamp(2024)

Achievements and Co-Curricular Activities

- **Top performer in Geekster** - HackerRank problem-solving assessments.
- **Team Leader - Geekathon 2024 (1st Place)** | Led a 6-member team in an HTML ,CSS & JavaScript contest, managing project execution and task coordination to secure 1st rank.
